

# Real Mohsin

Front End Engineer, Senior React Developer

real@realmohsin.com

(929) 395-5572

## Professional Summary

- Over 7+ years of software engineering experience specializing on the front end as a React Developer.
- Deep understanding of the foundational Web technologies and standards – ECMAScript (JavaScript), HTTP, HTML5, and CSS3.
- Extensive experience in developing web applications using ReactJs and the surrounding libraries in its ecosystem – Redux, NextJs, CSS-in-JS libraries, etc.
- Ability to work efficiently and effectively in Scrum teams utilizing Agile methodology.

## Experience

### Uptycs

*Software Engineer, Sep 2021 - Present*

- Building the user interface for the first software security platform that enables both cloud and endpoint security from a common, open-source solution.
- Responsible for development of dashboards that are used by security professionals to diagnose and treat vulnerabilities in their software infrastructure.
- Served as the architect and technical lead for the implementation of a client-side data caching solution.

### Mohsin Consulting LLC

*Front End Engineer, Apr 2018 - Aug 2021*

- Developed web applications using a standards based approach to increase usability, performance and search engine optimization.
- Managed the integration of online payment systems for ecommerce applications, and provided technical direction for implementing software solutions to inventory management issues.
- Lead the efforts to refactor applications that needed an update to newer technologies.

### Rivi Consulting Group

*Front End Engineer, Nov 2015 - Mar 2018*

- Developed user interfaces using React, Redux, and other libraries in the React ecosystem.
- Worked with product management and designers within an Agile environment to deliver regular updates and bug fixes for client applications.

### Hakir Realty

*Web Administrator, Feb 2013 - Oct 2015*

- Developed and maintained the website and related web applications for a real estate brokerage firm.

### Khan's Tutorial

*Physics & Mathematics Instructor, Jul 2011 - Jan 2013*

- Taught physics and mathematics for competitive entrance exams.

## Education

**Physics BSc**, Rochester Institute of Technology, 2006 - 2010
